Add'l Details:	Long sleeve under-shirt must be uniform		Solid colored with no designs or graphics.

Our simple uniforms are beneficial because they ...

- **Promote cohesiveness in the student body.**

Schools nationwide are welcoming diversity into their student body, with a wide range of backgrounds and different economic status. At Central, we strive to create an environment where all children feel welcome and safe.

- **Provide an appropriate standard of dress.**

Uniforms ensure that all clothing is appropriate for school.

- **Reduce the cost of "school clothes."**

Families may purchase uniforms from the store of their choosing. Affordable options include: Target, Old Navy, Children's Place, used clothing stores, HIH used uniform closet, and many other retail options.

- **Allow younger children the opportunity for independence by dressing themselves.**

Children often find it easier to have only a few options to select from that are school appropriate, as some children get overwhelmed by having to choose from a large selection.

- **Help eliminate distractions.**

Wearing a uniform helps eliminate distractions caused by current fashion trends.
